

## Room 9

La **Room 9** è la più piccola delle sale situate nella parte detta “ala austriaca” perché costruita dagli Asburgo negli ultimi anni della loro dominazione.

Molto luminosa, con bel pavimento alla veneziana, è particolarmente adatta ad ospitare piccole riunioni di lavoro, colloqui, segreteria, ufficio stampa o tecnico.

**Room 9** is located in the most recent part of the “monumental complex”, known as the “Austrian Wing” as it was built by the Hapsburgs in the last years of their rule.

Brightly lit with a delightful traditional Venetian style floor, it is particularly suitable for small work meetings, interviews, secretariat and press or technical office.
